

Refund and Returns Policy

Document ID: RET-002 | Owner: Operations & Customer Experience | Version: 1.0

Purpose: This controlled document defines business rules used by BizInsight AI when answering customer, sales, and operational questions.

Policy Scope

This policy defines standard return, replacement, and refund rules for products purchased through BizInsight Commerce.

Standard Return Windows

Product Type	Return Window	Condition
Electronics	15 calendar days	Unused or with a confirmed functional defect
Accessories	15 calendar days	Unused and in resalable condition
Furniture	10 calendar days	Original condition; assembly requirements may apply
Damaged on Delivery	Report immediately	Photo or delivery evidence may be requested

Refund Processing

- Approved refunds are normally processed within 5-7 business days after the return is accepted.
- The final posting time may depend on the payment provider or bank.
- Replacement may be offered when an item is damaged, defective, or incorrectly shipped.
- Refund eligibility should be checked against the order date, status, product category, and return reason.

Common Exclusions

- Products outside the stated return window unless an exception is approved.
- Items materially damaged after delivery due to misuse.
- Products with missing required components where the condition cannot be reasonably verified.

Agent Guidance

When a customer asks whether a specific order can be refunded, use order data to establish the purchase date and status, then apply the policy rules above. The policy does not itself contain customer-specific transaction information.

Decision rule: transaction facts come from SQL data; refund eligibility rules come from this policy document.

Internal business reference. Rules may be updated by the document owner; the latest approved version takes precedence.
