

Product Warranty Policy

Document ID: WAR-004 | Owner: Operations & Customer Experience | Version: 1.0

Purpose: This controlled document defines business rules used by BizInsight AI when answering customer, sales, and operational questions.

Warranty Coverage

Product Type	Standard Warranty	Coverage Summary
Laptop	2 years	Manufacturing defects and covered hardware failures
Electronics	2 years	Manufacturing defects under normal use
Accessories	1 year	Manufacturing defects
Furniture	3 years	Structural defects under normal use
Battery	6 months	Manufacturing defects within the battery warranty period

Claim Requirements

- Proof of purchase may be required.
- The product serial number or identifying information may be requested.
- Damage caused by misuse, unauthorized modification, or accidental impact may be excluded.
- Warranty coverage does not extend the return window unless a separate exception applies.

Recommended Handling

When a user asks whether an item is covered, determine the product type and purchase timing from structured data when available, then apply the warranty duration and exclusions in this document.

Decision rule: SQL identifies the relevant purchase/product facts; the warranty document supplies the coverage rule.

Internal business reference. Rules may be updated by the document owner; the latest approved version takes precedence.
